12	1050ml Rice bowl with lid	34.00	174*117	50	10	500

## Features

### Single Lid Fits 5 Container sizes

Lid interchangeability reduces storage requirements (250ml to 1000ml)

### Fill line

Etched line inside the mouth of the container indicates level at which container should be filled

### Made Of recyclable PP

Polypropylene is a universally accepted material used for food packaging purpose. Check for local recycling unit in your area for responsible disposal

### Dual temperature usage

Allows for wide temperature range (4°C - 70°C) to go from refrigerator to microwave

### Tight - fitting lid

Prevents leaking during transport and handling

### Popularly used by -

Restaurant/Take-aways  
Cloud Kitchens  
Ice-creams parlours

### Popular colour options

Black, Transparent & White

### Thin-walled containers

Use of less plastic material helps save on material cost (no compromise on strength). Passing on cost benefit to the customer
